Subordinating Conjunctions Song that will help me identify dependent clauses in complex sentences.

AAAWWUBBIS, AAWWUBBIS

In school there are no limits, we are roof less.

As, after, although are subordinating conjunctions.

They begin **dependent clauses** in **complex sentences**;

That's their function.

As I study my notes, I recall what I wrote.

After I reviewed the terms, I continue to learn.

Although school has difficult concepts, this is reality; I must accept.

AAAWWUBBIS, AAWWUBBIS

In school there are no limits we are roof less.

When while, until, because, before are **subordinating conjunctions**

They begin dependent clauses in complex sentences; that's their function.

When I try to do well; I excel.

While contemplating I discern. School is a place where good grades I can earn.

Until I recognize knowledge is the point, people will think my attitude is nonchalant.

Because I am capable, a plan I will devise to show how I can strategize.
